## The 3 Master Skills

---

About a month ago, a guy asked me a pretty good question. After I answered it, I realized that it was my best explanation of that question before. That includes my 'paid' reports.

So I wanted to share with you my response. Hopefully, it helps. Let me know what you think.

Also, I include the 3 Master Skills - for being a master at getting your woman turned on.

This is a totally different way of looking at it. It's proof that getting women turned on is a piece of cake.... (Once you understand the 3 Master Skills, do the 30 second drill!)

Here's the question. Below is my answer.

Hey CR,

I am still a bit stuck on sexual tension in my head. Would you say that a decent analogy would be that sexual tension is a way to 'give her the gift of chasing you,' that it is making sex something she feels she has 'accomplished'?

Because people enjoy things more when they have worked for them and overcome some odds to get them?

Or is it more important for tension to be the act of giving her a good feeling, taking it away, then giving it back, so that she craves the feeling more?

Thanks for your response,  
[Jack]..

Hey [Jack]

Very good question..

As far as sexual tension. It's both, plus more...

You can build sexual tension so many different ways..

Framing *sex as a prize* is one way to build sexual tension.

The key is to understand what the 'Motivational Method' is going to be?

Here are just 2 examples:

**Pleasure Method:** Are you going to get her **crave sex** via physical/steamy/lusty pleasure?

**Self-Esteem Method:** Are you going to get her to **want sex** because it represents a desired perception/self-image?

(And there are other methods....)

The point is: If 'sex being a prize' is going to be the motivational driver (or the primary motivational driver), than **anything you do** that successfully frames that in her mind, would be considered a sexual tension technique...

Examples in real life:

- A woman motivated to have sex with a celebrity. (She gets to say "Guess who I had sex with last night?" to her giggling friends) In her mind, sex with him represents a prize...
- A woman motivated to have sex with a guy who successfully used the Smiley Face Tactic.
- Etc (there are **lots of ways** to do that *one type* of ST method...)

So... and this kind of goes back to the whole 'knowing your woman' thing....if you understand what drives her (psychologically, emotionally, physically, etc.)...

...then not only will you know HOW IMPORTANT it is for her 'to be rewarded' ....but you'll also understand HOW TO DO IT....

So that's an elaborated way of saying 'No. Building sexual tension isn't JUST about framing sex as a prize... it's just one way... and that's based on *one type* of method...

As far as giving her a good feeling and then taking away and so on.....that's just another way to build sexual tension can.....as a concept there's so many ways that can be used...

So if it were your job to **create a list of sexual tension tactics** that worked great for her....and let's say you achieved that...

You would have mastered the first skill...

### **Master Skill #1: Figuring out what sexual tension tactics work for your woman**

Then you only have two other skills to master (according to this 'way of explaining' it).

### **Master Skill #2: Figuring out the best time to use 'one of your super cool' sexual tension tactics.**

It's like being a seductive pharmacist!

You should get good at intuitively sensing when a particular ST method is appropriate or **more appropriate** or **more powerful** than normal (based on something you know about her or something you know about what's currently going on with her.)

That way you're taking a *prescribing* approach.

So think of it from a very simple perspective. Imagine if it's been months since she felt rewarded (about anything)...then *framing of sex as a prize* could have 25 times the affect than it normally would...just because of the timing..

It's like saying caring words to someone (when they haven't felt love in awhile) and they just burst out in tears and say:

"Thanks!!! I really needed to hear that!"

And if you would have said the *exact same thing* a week ago, it would have had 1/20th of the effect... They would have yawned and responded:

"Oh.... Thanks.... I guess"

### **Master Skill #3: Combining the right blend of Sexual Tension methods...**

In this sense, you're like a *Master Chef!*

You should artfully mix and blend quality Sexual Tension Ingredients.

For example...(let's flip things around)...let's say *SHE* was asking someone the following question:

Note: You have to use your favorite 'girl voice' when you read this.

Her: What is *building sexual tension* in a guy all about? Is it about putting on a sexy outfit – or – is it about seductively rubbing his balls – or – is it about whispering something sexy in his ear?

Of course, the right answer is ALL of these things are **individual methods** that works great... It's not one of those things... they are different ways to build ST all by themselves.

But if **she wanted a greater impact**, she could do all 3 at the same time!

She would be a Master Chef. She would mix the 3 ingredients together in some creative way.

Taking it a step further!

- One day she could do all 3 at the same time in ONE WAY
- The next day she could do all 3 in a completely different way (i.e. different outfit, saying something different, rubbing you in a different way)
- The day after that, she could do a "different 3 things" one way...
- The day after that, she could do all 6 at the same time
- Etc.

So your goal is to be a Seductive Master Chef-Pharmacist Guy!

Master Skill #1: Figuring out what sexual tension tactics work for your woman  
(quality ingredients)

Master Skill #3: Combining the right blend of Sexual Tension methods...  
(cooking a high quality dish)

Master Skill #2: Figuring out the best time to use 'one of your super cool' sexual tension tactics. (giving her that dish when she has a 'taste' for it)

**Assignment #1:** The 30 Second Quiz. (It's actually more like a drill)

For 30 seconds [starting now], make a list of all the possible ways you can create sexual tension. See if you can come up with at least 5 things. Try to Push for 10 or more...

The rule: Do not censor yourself. This is your personal list. It doesn't have to be nice. Think of things that have worked. You can include things that could work. You can even ask other people what have worked. After that, keep adding to the list [forever]...

- \* This will allow your brain to stretch for what's possible
- \* This will allow you to have a 'secret study sheet' that you can always work from
- \* This will allow you to ENGRAIN the concept that there are *more than one way* to build sexual tension

**Assignment #2:** Let me rephrase that. (Secret Assignment #2!)

Step 1: Pick a woman that you know.

Step 2: Get her to talk about a sexual experience she had in the past (or several sexual experience).

Step 3: Get her to tell the story in as much detail as possible!

Step 4: Secretly listen for the Motivational Method! (In other words, was she unknowingly motivated to have sex with the guy because it represent a prize? What is it something else?)

Step 5: Go back to your list (from Assignment #1)... if you feel like this was a story where 'sex was secretly a prize' to her or whatever it turns out to be... add to your list!

Note: There are 2 basic skills you need.

**Story Skill #1:** Getting her to tell you a clear sexual story about times when she was really motivated to have sex .

**Story Skill #2:** Decoding that story (Knowing how to figure out emotional-driven motivations, pleasure-driven motivations, other motivations)

~~Personally, I've been working on a list for the past month! I immediately wrote out 20 something items (ways to build sexual tension)... Then I cheated. I started to scan through a few products. Then I scanned through 'swipe files'... all sorts of things...~~

~~By the way, I'm still adding to it. It's fun. So I had this idea that for anyone interested, I would allow them to buy my list for \$37 (if you wanted to short cut the process). So far it's only 3 pages! I'm up to 77... But I'll warn you, it's just a list. You may not understanding everything. I don't explain how to do each one...it's just a list...~~

~~It will be ready soon. You're going to love it!~~

~~It's finally done. Click the link below to read the details.~~
