

Questions To CR James

Issue # 007

Hey CR

I have been wondering about something. Last time, I was doing oral to my girl and she really enjoyed it. Suddenly while I knew she liked it, she said stop. What do I do in a situation like this? She was horny and liked it, but said stop. Is she testing me to see if I continue?

Thanks

Good question...

There are few possibilities...

I'm guessing, it has to do with things getting too sensitive for her. Also, some women have very powerful clitoral orgasms and they find it to be a little embarrassing...so they'll stop you before they get to that point...

It could be that.

Some women are shy about that kind of thing... when they cum they shake violently like a shark out of water and they're concerned about what the guy might think...

Sticking with the animal metaphor...

I had a girl give me a blow job one time and when I reached the Happy Point (I'm speaking in code) she just kept going...

And I had to practically do an *Alligator Death-roll* off the side of the bed to get her off of me!!

(because it was toooooooooooooo sensitive)

So maybe that's what's happening to her. Or maybe she already had an orgasm and you didn't realize it... that would heighten the sensitivity on her end to the point where she wouldn't want to continue...

Those are a few possibilities...

Hi Mr James

I just read your report about Levels of Communication [FREE Report: <http://SuperSeductionPower.com/loc-book.html>] and the "boy meets girl example" and messes up by sending unattractive signals I was hoping to see an example of how to build attraction after that but none appeared.

It would be great to see one or a few examples of interactions which you consider would build attraction rather than an example of how not to do it?

I expect you have examples in some of your other material or reports if you could tell me where I might find such an example or perhaps paste one or two in a reply to me that would be great?

Thanks for you interesting material anyway.

Warm regards
[Jim]

Hey [Jim]...

There's no **quick dialogue** because it shouldn't be your goal to build SV (via indirect messages) during a quick dialogue...

But I still think I can give you an example while putting everything in perspective...

Let's say you're talking to a woman you're attracted to and you want to build your SV.

The most basic and easiest ways to do is from a traits perspective... not sure if you own SSP, but if you don't I'll explain briefly...

This involves talking to her and finding all the guys she likes (crushes, ex-boyfriends, famous people she admires, etc.)... then, you then LISTEN for common traits...

You can even ask direct questions.... "So what was it about him?" and so on... after you go through this process you may find that **EVERY GUY** she has ever become madly in love with was a guy who was:

AMBITIOUS + MORE RESPECTFUL THAN THE AVERAGE GUY + ATTENTIVE TO HER + FUNNY...

If you take this approach, you'll see it as a formula.

It's a recipe or a "combination of qualities" that has proven to drive her wild...

[[Of course, there are obvious limitations, but they can be addressed with 'other methods' to create a complete affect.]]

Here's an analogy to understand the impact...

You may find Patricia attractive because of her BUBBLY PERSONALITY + SEXY SMILE
you may find Angela attractive because of her NICE ASS + AMAZING LIPS
you may find Mary attractive because of her PERKY BOOBS + SEXY EYES + SENSE OF HUMOR

Then a buddy introduces you to PAM who has all the traits of all 3 girls:

BUBBLY PERSONALITY + SEXY SMILE + NICE ASS + AMAZING LIPS + PERKY BOOBS + SEXY EYES + SENSE OF HUMOR

This is going to be a "recipe" that really gets your attention. And any time you meet ANY WOMAN who has those 7 things, you're going to be REALLY INTERESTED!!!

If you think back to that girl who really did it for you, you'll notice that she had a 'interesting combination of traits'

So the idea is "create that affect" for the woman..

So if you have a conversation on the phone and you want to "work on" projecting AMBITION (indirectly) then if you want to be mechanical/structural, you could make sure you tell 2 stories each time you talk to her demonstrating ambition...

girl: blah blah blah

dave: speaking of...that reminds me i need to ask for a raise at work on monday

girl: why?

dave: i work really hard and i deserve it. the president said XYZ about me and thinks i would make a really good vice president one day.

girl: wow. that's impressive.

dave: my goal is to go really far in the company and blah blah blah...

So it could be as simple as that... You want to indirectly convey AMBITION.

If you tell her on Monday that she fell in love with her ex-boyfriend because he was AMBITIOUS, then you don't want to say *I'm ambitious, too!!* [seconds later]...

You might want to wait until Wednesday and indirectly convey it... which could include a combination of subtle tactics (ie. authority figure recognizing the trait, etc.)

That would count as **1 unit of Ambition**. And you would keep doing it consistently. The value is in the consistency...

And you don't do it from a fake perspective... The idea is to show her the side of you that is Ambitious (if you have it)...

[[This is no different than a woman dressing up in a sexy lingerie and asking you do you want to join her in the bed. She's showing her SEXIER

side to you...))

Always Remember:

- Men are more Visually Stimulated, that's why **95% of Porn** is purchased by men.
- Women are more Mentally Stimulated, that's why **95% of Erotic Novels** are purchased by women.

So projecting the right combination of traits has the same impact as her putting on fishnet stockings and a nurse costume.

But the idea is to repeatedly expose her to the traits (especially if you have projecting the evil-opposite trait for awhile)...

For example, I have some customers who have been doing Anti-seduction traits for **years** and they have one conversation that COUNTERS it and they expect to instantly be awarded with the new trait...

It doesn't work like that.

That's like having a mean teacher who has been bitchy for 100 straight days and then 1 day she's nice.

In that situation, that's doesn't make her a NICE person. She doesn't get awarded the NICE award after one performance.

At that point, she's just a MEAN person who was NICE on a particular day..

She would have to flush out the old TRAIT with a string of NICE days....

So you would want send the message (indirectly) that you're ambitious and you would do the same kind of thing for the "other traits" (MORE RESPECTFUL THAN THE AVERAGE GUY + ATTENTIVE TO HER + FUNNY)...

It's a very powerful method of building SV and keep in mind that's just "one simple method"...

I hope that makes sense...

Take care
