

Hypno Orgasm Transcript

Introduction

This free report may be one of the most interesting reports you'll ever read (if you have the right perspective).

There was a report I released a few years ago called "[Super Eye Opener](#)" that shared stories of women talking about the best sex they ever had... or the best orgasm.... or how they're able to have sex from thought alone.

As far as "women climaxing from thought alone" I tend to that they're much like women who "orgasm via hypnosis".

With that said, years ago a close friend sent me a video where a guy hypnotized a woman into having an orgasm.

He wanted my opinion.

I expected it to be fake. In fact, you may have also seen hypnosis videos where women are pretending to have an orgasm.

That's what I expected to see...

Before, I continue, I will say that I don't have the video anymore. I don't even know where it came from. I can't find it. I've been looking for years...

But anyway, I remember at the time being so impressed with this video that I watched it repeatedly...I must have watched it over fifty times... then I finally had the video transcribed.

Why did I do that, you ask?

It's simple...The hypnosis part wasn't that big of a deal to me.

In fact, I no longer see hypnosis as this magical thing that people make it out to be.

The part that was a big deal to me was that it was basically a person talking to another person and creating a powerful reaction.

So, when I think back to all the times I talked to a woman and got her turned on, I don't label it as hypnosis.

It's just talking and triggering emotions.

In one of my reports, I mention a powerful lesson and I want you to remember this.

The powerful lesson: “If you want to be elite at getting your woman turned on, then be a master at the strategic blending of **pleasure** and **craving**.”

Most guys focus on ‘just pleasure’ to get a woman turned on (i.e. compliments, backrubs, Most women focus on ‘just craving’ to get the guy turned on (i.e. teasing him, making him wait, etc.)

If you’re in the top 1%, then you’ll do both: You’ll be a master at the strategic blending of pleasure and craving.

When you read this transcript below, you'll read how the hypnotist does both (pleasure + craving).

It's pretty cool.

In fact, I've highlighted each one for you.

Warning: Adult Language!

In fact, to make it super simple, I’ve marked off much of the pleasure talk **in green**.

I will say, I didn't mark off every single pleasure comment in green, but a lot of the time when he got her to think of something pleasurable (i.e. getting comfortable, relaxing, foreplay, sex, etc.), you’ll see that it’s in green.

If he talked about things that represented a craving, I put that **in maroon**.

Also, sometimes something elicits pleasure and a craving. In these cases, I went with what I felt was the dominant one.

Enjoy!

(You should read it multiple times and pay attention of anything that sticks out.)

Also: The interesting part about this is that he uses a similar structure that I often do which is to do the pleasure phase first (**green part**) → and then do the craving phase (**maroon part**)

The Hypnotist: What we're going to do today is called Erotic Hypnosis. There's nothing that I can make you do that you normally wouldn't do on your own accord. If you have any problems during the shoot [video shoot] whatsoever - immediately let me know. Do you have any questions?

Her: Am I going to be going through some sort of ...trance.

The Hypnotist: Trance. Yeah.

continuing...

Okay, what I'd like you to do now is to lie down and **get comfortable** on the couch. Put your feet straight down, arms on your side. **Are you comfortable?** Yes. Okay, what I'd like you to do now is to take a deep breath and let it out slowly. I'd like you to pick a spot on the ceiling, look at the spot at the ceiling. Notice how sharp and focused that spot on the ceiling is. Concentrate on that spot on the ceiling, notice how sharp and focused it is.

I'd like you to let all of your muscles and **you feel relaxed**. Concentrate on that spot, let the muscles and the **feet relax**. Let the muscles in your stomach and back, breathing deeper and deeper, concentrating on that spot, **letting the muscles in your stomach and back relax**. And your shoulders and your chest, your arms, your hand, concentrating on that spot, noticing how sharpen and focus it is. You notice that the more you look at it, the sharper and more focused it is, the blurrier everything around it is becoming, that's perfectly natural, that's the way the eyes work. I can already see that you're blinking a little more rapidly, that too is natural.

Concentrating on that spot. I'd like you to **imagine now that there's a nice, warm glow on the bottoms of your feet**. This **nice warm glow** is melting all of the tension in your feet **relaxing all of the muscles**, leaving nothing but a nice tingling sensation, **relaxing all of the muscles** in your feet, **feel the tension dripping waves** that makes warm glow travels up your legs, **relaxing all of the muscles in your legs**.

Concentrating on that spot, noticing how blurry everything around that spot is becoming. Until your eyes close on their own accord concentrate on that spot, feel that nice warm glow as it travels up your legs, in your stomach, in your back, concentrating on that spot, feel that warm glow in your stomach and your back, all that tension dripping away. **When that nice warm glow reaches your face**, your eyes will close on their own accord. **Let that nice warm glow** num all of the muscles in your body, **feel it now in your chest and your shoulders, your arms, your hands, your neck, your face**. **Feel that nice warm glow** all over your body, your face, your head, your neck, your shoulders, until your eyes close on their own accord. **Let yourself relax, feel how good it feels to let yourself relax this much**. Right now, I would like you to imagine you're very safely and securely floating on a giant white puffy cloud, floating in the sky very safely, it's the most comfortable place you've ever been. **Feel the cloud all around, how it fits to your body, the beautiful blue sky, the sun shining down, see how beautiful is around you, nice gentle breeze blowing, it's the most relaxing place you've ever been. Floating very safely and very securely in the sky**. I'd like you to imagine now that that beautiful cloud slowly descending towards the ground very safely and securely and as it flows down towards the ground, as it descends, I'd like you feel yourself relaxing more and more, breathing deeper and deeper.

I'd like you to see that cloud drifting around now and as I count from 10 to 1 with which number I count you'll feel the cloud going towards the ground. With each number I count feel yourself sink twice as deep, every muscle in your body **becoming twice as relaxed** with every

number I count you'll feel every muscle in your **body twice as relaxed**, every nerve in your body coming twice as limp, twice as numb, with all the thoughts in your mind, all the cares and concerns disappear now as this cloud descends towards the ground. I'd like you to feel yourself sinking.

10 feel how good that feels to sink, 9 think what it's going to feel now when you go twice as deep, 8 feel what it feels to be twice as relaxed, 7 every muscle in your body twice as limp, 6 every nerve in your body twice as numb feeling nothing but a nice, warm, tingling glow, 5, think about what it's going to feel when we reach the next number, think about going twice as deep, 4, deeper and deeper, 3, 2, concentrating all in my voice, 1 completely relaxed, completely numb, see yourself on the ground and with every breath you take, sinking deeper and deeper, becoming more and more relaxed, because **it feels so good to let yourself sink this deep**.

Feel how deeply you're sinking into that cloud, letting yourself relax so much because it feels so good. Only you know how deeply relaxed you'd like to go. I'm here to facilitate that, I'm here to help you go even deeper. You know that you'd like to relax more because you feel so good, very few people get an opportunity to relax this much, I'm going to offer you the opportunity to go much, much deeper and I know you're going to take it. I'd like you to imagine that there's a nob on the wall. The nob is numbered from 10 to 1. With each click on this nob you feel yourself dropping 5 times deeper.

Every click on the nob you feel every muscle in your body 5 times looser, 5 times more limp, 5 times more relaxed, every nerve becoming 5 times nummer, it feels so good, I'd like to ask you to turn the nob with me. I'd like you to see yourself turning this nob, relaxing you even more with every click because you know how deeply relaxed you'd like to be and each time 5 times deeper. Together we're going to turn it now, 10, think about what is going to happen, think about how it's going to feel when you go 5 times deeper, becoming very, very heavy. Together we're going to turn it, now 9, 8, feel what's happening with your body each time, 5 times deeper, 7, every muscle in your body sinking deeper and deeper, 6 every nerve in your body completely numb, 5, deeper and deeper, 4, 3, five times deeper, 2, 1, completely relaxed, completely limp, completely num.

Feel how good it feels just to let yourself sink deeper and deeper into the most amazing relaxed state you've ever been in. It feels so great not to have any cares or worries in the world. At this point you should be able to feel your voice inside you, you should feel your voice inside you guiding you deeper and deeper with every breath you take sinking deeper and deeper, sinking deeper and deeper with every breath you take. I'd like you to imagine now that there's nob next to that nob, this is my relaxation nob. I will turn this for you because you know that you'd like to relax even more because **it feels so good** to let yourself sink so much deeper. With each click of this nob you're going to feel yourself dropping 10 times deeper. Each time I click this nob there's no limit how deeply relaxed you go 10, think about becoming 10 times deeper, 10 times more relaxed, becoming heavier and heavier, sinking down, 9 deeper and deeper, 8 feel how relaxed you are, 7, deeper and deeper hearing only my voice, 6 deeper and deeper now, feel how good it feels to let yourself sink this deep, deeper and deeper, deeper and deeper, 5, deeper and deeper, feel how good it feels to let yourself relax and go this deep, 4, deeper and deeper, feel what it's doing to your body, to your mind, feel my voice inside you, 3, deeper and deeper, feel how good that feels, 2 almost completely relaxed, completely num, completely limp and here we go, final number, 1.

Concentrate on my voice, let me take you even deeper. I'd like you to imagine now that I've tied a balloon to your right wrist. In a moment this balloon is going to lift your right arm straight up into the air because it is so light. I'd like you to feel this balloon lifting your arm up in the air as I count from one to 10. This balloon will lift your arm straight in the air with each number I count sinking 10 times deeper. 1,2,3,4,5,6,7,8,9,10.

Feel how nice it feels, that balloon has lifted your arm into the air, very slowly it's going to descent towards the ground, very slowly as I count from 10 to 1, you'll feel it slowly descending taking you 10 times deeper with each number 10,9,8,7,6,5,4,3,2,1, completely limb, deeper and deeper. Feel how good it feels to let yourself go that much deeper. Now this is very important, I need you to concentrate on my voice and feel my voice inside you. This is very important, this is a post-hypnotic suggestion, this always works whether you're awake or asleep, especially if you're awake, no matter what you're doing, no matter what you're thinking. Each and every time I and only I snap and say the word "sleep" you feel as if we've pulled the power plug out of your body, instantly every muscle in your body, instantly drops limb, every nerve in your body, instantly goes numb, every thought in your mind instantly disappears, it's your cue to return to this most amazing relaxed state and this is very important, each and every time I and only I snap and say to word "sleep" you go 20 times deeper. In a moment I'm going to snap and say the word "sleep" and what I do, I'd like you to feel exactly what just happened to your body because it will feel even stronger every time. Sleep.

Deeper and deeper. Feel how good that feels, every time I and only I snap and say sleep. Deeper and deeper, feel how good it feels to SLEEP. Deeper and deeper SLEEP. You know, each and every time I and only I snap and say the word SLEEP you drop 20 times deeper whether you're awake or asleep, no matter what you're doing or what you're thinking, feel what just happens to your body, your mind, feel how relaxed you become, SLEEP. 20 times deeper, now, SLEEP. Deeper and deeper, SLEEP. You know, SLEEP, each and every, SLEEP, time, SLEEP, whether you're awake or asleep, SLEEP, no matter what you're doing and what you're thinking SLEEP, 20 times deeper, feel what's happening, SLEEP, 20 times deeper, SLEEP, concentrating on my voice and feel your voice inside you, deeper and deeper SLEEP.

I'd like you to imagine that the sexiest man in the entire world is coming up to you and he wants to give you the best massage that you've ever felt in your life. I'd like you to feel him massaging you now. Let your body react. It's the best massage, he knows every part of your body, I'd like you to see another incredibly, incredibly sexy man, coming over to rub you and feel him rubbing you as well. Now, I'd like you to see another two incredibly sexy men rubbing you, now. 4 sexiest men in the world are rubbing your body now. They want you to relax even more, feel how relaxed you are, going deeper and deeper with every rub. I'd like you to see another 4 incredibly sexy men, the 8 sexiest men in the entire world rubbing your body, now. Concentrate on my voice and feel my voice inside you. Each and every time I and only I snap and say the word MASSAGE you feel the 8 sexiest men in the entire world giving you the best massage you've ever felt and each and every time I and only I snap and say the word MASSAGE it feels 10 times better. MASSAGE, and SLEEP. Instantly, completely limb and completely num. Instantly, SLEEP. Instantly every muscle in your body drops limb, SLEEP. Every thought in your mind instantly disappears, SLEEP. Every nerve instantly num, SLEEP. MASSAGE, SLEEP, instantly, SLEEP. The instant I snap and say the word SLEEP, you feel a power has been pulled out of every muscle in your body, SLEEP. Each and every time I and only I use any of the post- hypnotic suggestions they are 10 times stronger than

they've ever been. Whether you're awake or asleep when I say the word MASSAGE, you'll feel it 10 times better than you ever did. SLEEP.

Only when I snap and say the word MASSAGE, SLEEP. Deeper and deeper. MASSAGE, feeling your feet, your legs, your back, your chest, your stomach, your neck, MASSAGE, 10 times better, each time, whether you're awake or asleep, 10 times better, MASSAGE

, SLEEP. Deeper and deeper. In a moment I'm going to count from 3 to 1. When I reach number 1 and not until I reach the number 1 you will be wild awake, feeling great, you will remember everything and you'll be begging me to put you back to sleep. Begging, saying anything, doing anything, you're desperate to go back to sleep, knowing the instant I snap my fingers and say the word SLEEP you drop 20 times deeper. SLEEP.

When I reach the number 1 you will be begging me to put you back to sleep, knowing the instant I snap my fingers, every muscle in your body drops limb, every nerve in your body instantly goes num and you go 20 times deeper. In a moment I am going to count from 3 to 1, when I reach the number 1 you will be wild awake, feeling absolutely great, better than you've ever felt, begging me to put you back to sleep, you can't wait to go back to sleep, you're so excited,3,2,1. How are you feeling?

Woman: Fantastic.

Yeah? What do you remember? [she's laughing] Wow, what just happened? It was just amazing, my God. Do it again, I just want to go off, I just want to feel that again. Can you do that again please? Well, I don't know. What do you remember? I remember this amazing feeling of like... deep relaxation, I've never thought anything like it in my life, it was just like just sinking down in like the softest bed you could imagine. you know like...

Yeah? SLEEP, 20 times deeper, SLEEP, deeper and deeper SLEEP, 20 times deeper. Instantly, SLEEP. Deeper and deeper, SLEEP, MASSAGE. **See the incredibly sexy men rubbing you**, now I want you to feel **you're starting to get turn on a little bit**, I want you to feel one of them starting to lick you, now they're all starting to lick you, this is very important, this is very important, this is a post-hypnotic suggestion. Each and every time, I snap and say 10,000 tongues you instantly feel 10,000 tongues on every inch of your body.

Every sensitive area, **licking your neck, licking your nipples, licking your clit, licking your pussy, tonguing out your asshole, licking between your toes, licking your ears, your lips** and each and every time I and only I snap and say 10,000 tongues it feels 10 times better. Here we go. **10,000 tongues, 10 times better each time I say 10,000 tongues, feel it inside you**, 10,000 tongues...[at this point she's on the couch, with her short skirt up, legs apart, rocking as if a man is on top of her having sex with her...she's obviously extremely turned on]

SLEEP. 20 times deeper, ...[at this point she just instantly stops]

SLEEP, deeper and deeper, SLEEP. This works even stronger if you're awake, all of my post-hypnotic suggestions work even stronger when you're awake. In a moment I am going to count from 3 to 1.

When I say ONE you will be wide awake and you will be begging me to put you back to sleep. 3,2,1. How do you feel? *Wow, that was just incredible.*

What? What just happened, tell me. *I had like only all these tongues, all over me, every inch of my body, but my body was left untouched. It's, I can't believe it.* How many tongues? *It felt like 10,000.* Really, 10,000 tongues? What's happening? And SLEEP, deeper and deeper, 20 times deeper, deeper and deeper with every breath sinking deeper and deeper, 20 times deeper

SLEEP, deeper and deeper, deeper and deeper, SLEEP, deeper and deeper, SLEEP. Concentrate on my voice, 10,000 tongues, concentrate on my voice, SLEEP, deeper and deeper, this is very important, I'd like you to **think about the most you've ever needed sex, the horniest you've ever been in your life**, each and every time I and only I, this is a post-hypnotic suggestion, each and every time I and only I ask **ARE YOU HORNY**, that's your magic question.

Each and every time I and only I ask the magic question **you feel 1000 times hornier than you've ever felt in your life and it gets exponentially strong**, it's so strong it devours your whole body. When I ask you that question **I want you to feel the muscles inside you clenching and releasing, the muscles in your legs and feet, clenching and releasing, every muscle, every fiber of you needs sex and it gets 1000 times stronger each time I ask you that question.** 10,000 tongues, I'm going to ask you a question now, **ARE YOU HORNY**. What just happened to your body, think about what just happened to your body.

Think about what just happened to your body. I want you now to see the sexiest men in the entire world, I want you to see them coming up to you, you want them so much, **ARE YOU HORNY**, 1000 times hornier, **ARE YOU HORNY**, you want to fuck them so much, **ARE YOU HORNY? I want you to feel it now putting his cock inside you**, now.

It's perfect, everything is perfect. **ARE YOU HORNY**, concentrate on my voice, feel my voice inside you, this is a post-hypnotic suggestion, each and every time I snap and say the word **FUCKING you feel that you're getting fucked by the perfect guy** and each and every time I snap and say the word **fucking**, it gets 10 times stronger, **FUCKING**. Whether you're awake or asleep, concentrate on my voice, 10 times stronger, **FUCKING**, concentrate on my voice, this is a post-hypnotic suggestion, this is incredibly important, your magic word is **CA-POW**, each and every time I and only I use your magic word you explode in an orgasm 100 times than anything you've ever fucked in your life.

I will use your magic word SLEEP, deeper and deeper, while you're sleeping you won't be able to open your eyes, **FUCKING**, 10 times better than any fucking you've ever felt, remember when I and only I say the word **FUCKING**, you feel hitting your G-spot and your clit at the same time. Hitting your G-spot with every thrust, feel how good that feels, **FUCKING**, 10 times better, when I use your magic word, you feel it ripped through your body stronger than anything you've ever felt. I'm gonna use it at the moment, when I do it, you feel (11:10). 5, you're on the edge now, 4, **FUCKING**, 3,2,1, **CA-POW**.

[at this point she has an orgasm]

SLEEP, deeper and deeper, 20 times deeper with every breath you take. SLEEP, 20 times deeper.

The video continues... The hypnotist keeps going through a similar process of making her sleep, waking her up, getting her to imagine sexual pleasure, and so on. The orgasms progressively get more intense - until she is naked and you can see her pussy quivering.

Again, I no longer have the video that the guy sent me. If you're familiar with this and you've seen it, too, let me know where to get it.

I would be curious to see it again.

At any rate, it's impressive. Personally, I'm not really interested in 'talking a woman into an orgasm'.

There are many factors that would have to be in place.

However, as far as getting a woman horny with your words, that is obviously MUCH EASIER to do than to get a woman to have an orgasm with words.

Now, as far as having conversations (that are similar in structure to hypnosis) where you are accessing her imagination and getting her to feel good and excited about sex, I think every guy should know how to do that or at a minimum 'know some effective ways' to get a woman turned on.

The interesting part about this is that he uses a similar structure that I often do which is a pleasure phase first (green part) → and then a craving phase (maroon part)

Those are two things to creatively vary for:

1. Building attraction
2. Getting her sexually
3. Making sex more stimulating (via penetration sex)
